CME Credit provided by The University of Arizona College of Medicine - Tucson

Friday, June 5, 2020

Jawad Bilal, MBBS & Helene Kramer, DO

Fellows, Division of Rheumatology
The University of Arizona Arthritis Center

"Difficult Cases"

Rheumatology Grand Rounds: 9:00 – 10:00 AM ZOOM Videoconference

Join from PC, Mac, Linux, iOS or Android: https://uahs.zoom.us/j/761778892

Jawad Bilal, MBBS - "Diagnostic and Therapeutic Challenges in a Dying Patient"

Learning Objectives:

- 1. Case presentation of patient with nonspecific skin eruption and micro thrombosis.
- 2. Differential diagnosis of thrombotic microangiopathy with focus on rheumatological etiologies.
- 3. Diagnostic and therapeutic challenges in treating TMA.

Helene Kramer, DO - "Post-Transplant Rheumatoid Arthritis"

Learning Objectives: Participants should be able to:

- 1. Describe the challenge of treating rheumatoid arthritis in a solid-organ transplant recipient.
- 2. Briefly review the role of anti-rejection medications in rheumatology and explain if there is a role for anti-rejection medications in the treatment of inflammatory arthritis.
- 3. Describe the potential role for co-stimulatory blockade in the treatment of autoimmune diseases and solid organ transplantation.

Target Audience: Physicians and other healthcare providers

Methodology: Grand Rounds Lecture
